WASHINGTON, Feb. 15.—Work of preparing defenses at the entrances to Chesapeake bay against submarine attack was begun today when coast artillerymen from Fortress Monroe started fortifying strategic points at Cape Henry and Fisherman's island.

Platforms for six-inch guns, which will sweep the waters through which submarines could approach the bay, will be ready within ten days, it was said. The guns will have a range of from five to nine miles.

FREIGHT TIE-UP HELD NO
MENACE TO WAR PLANS

CHICAGO, Feb. 15.—Congestion of freight is merely a temporary condition and would not interfere with the national preparedness plans of the War Department, regarding railways in case of war, according to a statement here today. It is learned that passenger traffic would immediately suspend and all equipment and lines be at the disposal of the quartermaster general.

LONDON, Feb. 15.—Five inches of live nerve from the newly amputated leg of one British Tommy was rushed across the city to another hospital and grafted into the ends of another broken nerve in another soldier's arm. The operation successfully repaired the circuit and the arm is rapidly becoming normal.

COURT UNRAVELMENT
OF DUAL LIFE CASE
HALTED AT REDLANDS

REDLANDS, Feb. 15.—The case of Mrs. Francis J. Everett, who is suing an insurance company to get \$7500 for an accident policy which Everett, who was killed in an automobile accident, held, has again been indefinitely postponed. It is not now known when the courts will begin unraveling the tangle caused when it became known that Everett, of this city, and James E. Cowie were one and the same man. Saying that she married Everett in good faith and lived with him for more than twenty years, Mrs. Everett claims she is entitled to the insurance.

WILL GET INSECTARY

SACRAMENTO, Feb. 15.—Which ever section of Southern California satisfies the State Horticultural Commission that it has the most insect pests will get a branch department of the state insectary, which propagates beneficial bugs to fight the destructive kind.

A petition was received today by Commissioner Hecke asking for the establishment of a branch insectary at Upland, Cal., but Hecke finds that the Upland section is comparatively free from pests. Hecke is ready to give Southern California a branch insectary, but believes it should be in that locality which is most overrun with pests.

America Is Balanced on Brink of Hostilities Play For Time Seen in Berlin Parley Moves

WARNING ON DOUBLE TEUTON MENACE IS SOUNDED IN PARIS

BY CARL W. ACKERMAN

(United Press Staff Correspondent, with Ambassador Gerard.)

(Copyright, 1917, by United Press.)

PARIS, Feb. 15.—Warning against the dual menace of German submarine activity in American waters and against German peace propaganda, which may be in reality a play for time, is being sounded today by American officials conversant with the real situation in Berlin.

Germany's attempt to negotiate the issue of her unlimited submarine order through the Swiss legation at Washington while Ambassador Gerard was still in Berlin, is regarded with suspicion by these officials.

The move is frankly viewed as an attempt to forestall action by President Wilson until Germany can make such disposition of her submarines as will enable her best to strike at America in case of war.

The maneuver having failed, it is no surprise to American officials to hear that Germany has now repudiated the efforts of the Swiss minister. The suggestion for negotiations is regarded solely as having been an expedient to gain time while the German-financed peace movement in America got into action.

While this time was gained, Germany counts on trying her submarine warfare for a few weeks. If it is unsuccessful, she will be able to say to President Wilson: "We will stop if you will make peace."

GERARD SENDS WARNING
TO WASHINGTON

Ambassador Gerard is forwarding to Washington his emphatic warning that the Overseas News agency is being used by Germany to mould American opinion.

Privately, officials desire to warn Americans that Berlin dispatches are now colored by the official German press bureau.

Correspondents who repeatedly complained about the German censorship are gone, except Cyril Brown, Berlin correspondent for the New York World. With the exception of Brown, those remaining are the correspondents who did not complain.

During the past months I can state that the German censor repeatedly held up United Press and Associated Press messages, or advised correspondents of those two agencies that nothing regarding the submarine warfare or, later, the delays in obtaining passports could be sent.

Then Germany sent via the Overseas News Agency, information countering the texts of correspondents' dispatches.

An example of the use to which Germany put her propaganda by the official news agency is furnished in the interview with

SENATE REPORT O.K.'S 'DRY' BILL

WASHINGTON, Feb. 15.—The Webb national prohibition bill today was reported favorably by the House Judiciary committee, which says:

"It is incumbent upon Congress to submit the issue to the states."

The bill must pass both Houses by a two-thirds vote and be approved by three-fourths of the states.

The report says that more than half the states have prohibition, and that 85 per cent of the territory of the country is "dry."

SENATE ADOPTS JAMES
P. O. AMENDMENT

WASHINGTON, Feb. 15.—The Senate today adopted the James amendment to the postoffice bill, denying mails to publications carrying liquor advertisements if addressed to prohibition territory.

Baron Stumm sent over the wireless service and which explained the delay in Gerard's departure was due to necessity for filling in his passports.

GERARD IRATE AS HE
SEES INTERVIEW

Ambassador Gerard was greatly incensed when this interview came to his attention.

I can state that Gerard was held from Monday until Saturday against his will and despite urgent requests for permission to leave.

Germany is now similarly treating American consuls. None have reached Berne since the arrival of the embassy train, although the American legation at Berne was advised from the Spanish embassy in Berlin that Americans had expressed a desire to leave.

Germany's hostility toward America is not new.

Weeks ago Ambassador Gerard vigorously complained to the foreign office that the Germans were searching the wives of American consuls at the border.

At Warnemunde alone, the wives of three prominent officials were lately stripped, bathed and examined internally because they were suspected of carrying documents.

(Note)—In all previous instances in which women have been searched the examination has been made by women officials. Ackerman's cable does not specifically state, but it is assumed that examinations were made by women.—Editor.)

FOREIGN OFFICE POWERLESS
IN MILITARY HANDS

Because the military is supreme, and because it has adopted this general attitude, the foreign office is powerless.

American officials who have been in Berlin hold Foreign Secretary Alfred Zimmerman responsible for many of the anti-American plans.

At the foreign office immediately after America broke relations with Germany, Zimmerman, in talking confidentially to newspaper correspondents showed a bitter and nervous attitude against President Wilson and America, surprising all present.

It was then that he declared Germany would not stop in her course and was determined to go ahead and win the war with her submarines. Two days before Gerard left Berlin I met Zimmerman, then leaving the office of the imperial chancellor.

His attitude was changed. He said:

"Ackerman, I hope when you arrive in America you will work for peace."

NEW RIGORS OF CENSORSHIP IN GERMANY TOLD BY ACKERMAN

Correspondent Tells Alleged
Activities of News Bureau
to Sway U. S. Opinion

BY CARL W. ACKERMAN
(United Press Staff Correspondent
With Ambassador Gerard)

BERNE, via Paris, Feb. 15.—Germany's censorship cut an important "joker" out of the text of the treaty which German officials demanded that American Ambassador Gerard sign under threat to hold American newspaper correspondents as hostage.

That "joker" does not show in Berlin dispatches outlining the treaty as published in French newspapers here, it was:

"That German ships in American harbors should not be forced to leave unless safe conduct from Germany's enemies which would permit them to return to Germany or to a neutral port."

The same strict German censorship which has concealed real developments in the empire and left untold active anti-American propaganda therein, did not permit an intimation of this "joker" to slip out of the country.

GERARD STANDS FIRM

It was after reading this stipulation that Ambassador Gerard, as has been related in previous United Press dispatches from Berne, told Count Montgelas, for transmission to Foreign Secretary Zimmerman, that he would not even consider the matter—and that he would "remain in Berlin until kingdom come" if Germany carried out her threat to hold Americans as hostages.

Excision of this provision from the text of the treaty is another example of the strictness of the German censorship which for months has refused to pass real developments to America. Some of these developments have included:

Anti-American speeches in the Reichstag.

Anti-Wilson and anti-Gerard propaganda, financed by prominent German leaders.

Fancy attacks by Stressemann and Von Heidebrand on the President.

Charge U. S. Unneutral

Frequent statements of army and navy officials that the United States "might as well enter the war because the nation was unequal."

The foreign office attitude just before we left Berlin was that Americans were very "excitable" and if Germany could control all dispatches for a few days Americans would forget all about the submarine blockade and bring pressure on President Wilson to remain neutral."

Before Ambassador Gerard and Secretary Joseph C. Grew left Berlin, German officials requested them not to allow newspaper men accompanying the embassy staff to telegraph regarding Berlin developments, except news which the Berlin censor might approve.

Cartoons in the German illustrated papers daily picture President Wilson selling munitions to the allies over the counter of a country store—and taking orders from John Bull. There are many variations of this theme.

Since Field Marshal Von Hindenburg has been in command the output of munitions in Germany has been doubled.

Every possible human being is working on war supplies for the western front.

Expect Great Offensive

Hindenburgh's dream of a separate peace with Russia is dwindling, but Germany is united in the expected great offensive this year. Officials say it is the last chance to win or lose—when it is over the Socialist peace leaders will again force themselves forward.

Special envoys have advised Germany that President Wilson "represents financial and munitions interests" and that Congress, on the other hand, represents the people, will not support war.

The German people believe President Wilson pro-ally.

The German press departments—that is, the propaganda agencies—have for months centered efforts on convincing America that war is terrible. The theory is that Americans

Forcing Whitlock to Lower U. S. Flag Brings War Nearer

BY ROBERT J. BENDER

(United Press Staff Correspondent)

WASHINGTON, Feb. 15.—Near-peaceful relations with Germany and the Teutonic allies were stretched to the snapping point today when this government received positive confirmation of the ominous report carried in United Press dispatches from Berne that Brand Whitlock, American minister to Belgium, had been forced to lower the stars and stripes from the United States legation in Brussels.

This confirmation brought Germany and the United States admittedly nearer to open hostilities than any event since President Wilson broke off diplomatic relations with the Kaiser more than a week ago.

Officials observed the act, in the light of reports they have, as constituting a possible open affront.

It was considered another one of the rapidly accumulating infringements of the Teutonic allies on American rights and privileges.

While officials insisted they will await complete details so as to be certain and deliberate—in any move this government may take, they openly admitted such acts as German military officials in Belgium took in the Whitlock case, plainly show the spirit and intent with which Germany is moving.

This latest case is made more grave, officials said, in view of additional information that Whitlock is now refused communication with his home government and American Belgian relief workers are being "detained." Just what this "detention" amounts to is a question for the most serious consideration.

While officials would not discuss the case, it was hinted that as soon as more facts are in hand this government may make pre-emptive demands upon Germany, probably through the Swiss minister, to explain without delay.

Coming as the incident does, on the heels of the sinking of an American vessel in the Mediterranean in violation of the law as construed by this government, heavy blows were struck at the small lingering hopes of the President that hostilities between the United States and Germany might be avoided.

The manner in which news of Germany's order to United States Minister Whitlock to lower the American flag in Brussels reached this government was not at first given out.

It is probable, however, it came from Ambassador Gerard, in view of the fact that Carl W. Ackerman, United Press staff correspondent with Gerard, cabled the information from Berne yesterday.

U. S. Hope of Peace With Germany Rapidly Waning

(By ROBERT J. BENDER, UNITED PRESS STAFF CORRESPONDENT)

WASHINGTON, Feb. 15.—Hope is fast waning in official circles that the clash looming between the United States and Germany will be avoided.

This situation may mean that it will not be long before President Wilson breaks with Austria.

Meanwhile, behind the curtain of secrecy the preparations by the government are proceeding rapidly.

The Council of National Defense, conferring with Secretaries Daniels, Baker, Houston and Lane, is holding daily sessions from 10 a. m. to 6 p. m. At these conferences are gathered some of the biggest men in America's business, railroad and financial lines. Men whose yearly incomes run into several sets of figures and who are donating their time and labor to the government in an effort to systematize and co-operate.

In addition to this is the fact that the nation's business is fast piling up—up by Germany's "blockade."

All these things are making authoritatively dubious of the future.

The President intends to proceed deliberately, not to be stampeded on a single incident, his friends say.

Next Step Forced

But the accumulation of German misdeeds and the evidences that these will grow rather than decrease, is rapidly forcing Wilson to his next step—that of asking Congress for protection of Americans on the seas.

While negotiations still continue to prevent a break with Austria and other Central powers, a serious turn was given to the situation by the fact that an Austrian submarine sank the

are cowards and will back out of a war.

The average German thinks American international policies are "bluff" and was immensurably delighted over the refusal of neutral nations to join with President Wilson in breaking relations with Germany.

COST OF COUNTY GOVT SHOWN IN REPORT

SACRAMENTO, Feb. 15.—Comparative figures on the cost of county government in California given in the State Tax Commission's report disclosed some mighty interesting information for Mr. Taxpayer. These figures show the per capita cost in each county, being based on the general and special tax levies for 1916, and the population in that year.

Alameda county is found to be the most economical, with the exceptionally low cost of \$11.98 for each man, woman and child in the county. Nevada county is next lowest with the average cost of \$12.95 per resident.

Alpine county, with a population of only 198, has the highest per capita cost—\$43.99. This is due to the fact

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes

You don't know what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch goes and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.—Advertisement.

S.A. BOOSTERS TO AID POMONA IN FACTORY PLAN

one who listens to him and his assistance will materially help the Pomona people in getting off on the "right foot."

AMUSEMENTS

Grand Opera House

It's a well-known fact in the business world that when a firm has worthy goods, the best way is to advertise them if the attention of the public is wanted. Last year we extensively advertised the laughing qualities of Cohan and Harris' farce "It Pays to Advertise," and it seems the business world can't get enough of this funny piece. Commercial houses are "following in the wake of this farce, taking advantage of the renewed spirit, it injects into the every day hustling campaigns of leading merchants of every town. Incidentally, this piece is returning Cohan and Harris tremendous profits. Its local appearance is at the Grand Opera House next Monday night.

The luncheon will be held at the Avis Hotel and will be for the purpose of interesting Pomonaans in the movement to create fund for inducing factories similar to the fund raised for the industrial expansion of Santa Ana.

The committee which visited this city a couple of weeks ago to investigate the operation of the fund here reported to the chamber there, speaking in the highest terms of the courtesies extended here and of the spirit of co-operation of Santa Ana people as evinced by the quick response for subscriptions to the industrial fund. The chamber at once appointed a committee to arrange for the noon luncheon on the 23rd, and the secretary was instructed to invite the Santa Ana chamber to attend. The attendance of J. S. Smart and Mayor Visel is particularly requested, and both these gentlemen have signified their intention of accepting the invitation.

Smart is recognized as the "father" of the movement here. He presents the plan with such enthusiasm as to at once arouse the interest of everyone.

Manager Schlesinger says he expects to break all house records for attendance with "Snow White." In order to accommodate the children, a special matinee will be given Saturday morning at 10:30 sharp and every child is requested to go.

Without throwing any bouquets, Orange County is one of the best when it comes to agricultural pursuits and it certainly would be good publicity for your section of the country to have an entry in our parade at that time.

We have never before in the history of Long Beach, I am sure, had to rustle and hustle everywhere for apartments as we are doing now. I just mention this to show you that the tourists are here in great numbers and undoubtedly will be on that date. We arranged the date earlier this year purposely to hold the winter tourists a little later and bring the summer tourists a little earlier.

L. W. Ballard, secretary of the Long Beach Chamber, hands the following bouquet to Orange county, in his letter to Secretary Metzgar of the Chamber of Commerce:

"Without throwing any bouquets, Orange County is one of the best when it comes to agricultural pursuits and it certainly would be good publicity for your section of the country to have an entry in our parade at that time. We have never before in the history of Long Beach, I am sure, had to rustle and hustle everywhere for apartments as we are doing now. I just mention this to show you that the tourists are here in great numbers and undoubtedly will be on that date. We arranged the date earlier this year purposely to hold the winter tourists a little later and bring the summer tourists a little earlier."

When Mr. Ince produced the won-

derful spectacle showing a submarine in action and the sinking of a great ocean liner loaded with women and children, little did he dream that the European powers would carry this sensational method of sea fighting almost to the shores of this country.

Newspapers recently have been filled with the details of sinking ships by submarines along the Atlantic Coast. In "Civilization" this terrific warfare is pictured in detail with hair-raising realism. The European countries by bringing their conflict this side of the ocean, have turned press agent for this big production which everyone will surely wish to see.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation.

If your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure or mitigation or prevention of disease.—Advertisement.

NEW CHAIRMAN OF CHAUTAUQUA TO BE CHOSEN

Date For Appearance Here Will Probably Be Settled Upon In Few Days

Suggestion Made That Local Committee Buy the Week For \$2600

With the decision of Rev. Paul E. Wright to accept a call to the pastorate of the First Christian Church at San Bernardino, the Santa Ana Chautauqua Association will have to select a new chairman. Rev. Wright successfully led the executive work of last year's Chautauqua, the first held in Santa Ana, and was chosen as chairman for this year. However, he will be unable to carry out the work.

The date for the Chautauqua for this year has not been settled upon, but it is expected that it will be up for decision within the next week. Rev. Wright wrote to the Redpath people and asked that a week between April 1 and April 16, during the spring vacation of the schools, be given Santa Ana. A letter has been received stating that the Chautauqua people could not give that date.

While it is not yet possible to announce definitely the program for this year's Chautauqua, it can be stated with assurance that several orators of national fame will appear on the program. No such series of entertainments and lectures has ever been presented in Santa Ana, it is believed.

Last year's Chautauqua was an experiment, and for that reason the programs did not compare with those to be offered this season. Now that the people of Santa Ana and other South-

KEECH'S POSITION UPHELD ENTIRELY BY SUPREME COURT

Atty. Who Defended Wells Had Right to Sign Disbarment Petition

The supreme court of this state has rendered a decision finding that Attorney E. E. Keech of Santa Ana, president of the Orange County Bar Association, was entirely within his rights when he signed the petition for the disbarment of Attorney T. A. Wells of Huntington Beach.

The petition for Wells' disbarment was originally filed in the court of appeals, in which court the decision was in Wells' favor. The Orange County Bar Association took the case to the supreme court on re-hearing.

In that court Wells raised a point preliminary to the hearing on the petition. Wells alleged that Attorney Keech was not acting within the ethics of the legal profession when he signed the petition. Wells' motion to strike Keech's name from the petition was made on the ground that Keech had been Wells' attorney in 1899 when Wells was twice tried on a felony charge, but never convicted. The accusation made against Wells in 1899 was one of a number of matters presented in the Bar Association's petition.

The supreme court has ruled that Keech did not divulge any confidential information given him by his former client, since the petition of the Bar Association set forth nothing but the record in the case. The decision also shows that there is no reason why Attorney Keech, as president of the Bar Association, should not have acted for the bar in the proceedings against Wells.

The preliminary point having been settled, it is believed by local attorneys that the supreme court is now considering the main case, which involves the question as to whether or not Wells shall be allowed to continue to practice law. The points raised concerning Wells were alleged acts preceding his admission to practice.

An active campaign will have to be started in a short time to sell enough tickets to raise the \$1800 guarantee fund. There has been some discussion of buying the Chautauqua. This can be done for \$2600, and if it is done, the committee will get the receipts over \$2600. Rev. Wright believes the committee could take the purchase proposition and make money.

After the \$1800 guarantee has been provided for the company will allow the local association a liberal commission on every ticket sold. At Riverside it has been suggested that the ticket selling be placed in the hands of some public organization desirous of raising money in this manner.

Although the exact dates have not been fixed on, it is thought that the Chautauqua will be held during the closing week of April or the first two weeks of May. This will insure pleasant weather, and large crowds. The season begins at San Diego.

A meeting of the guarantors of the Chautauqua has been called by Rev. Wright for tomorrow afternoon at 4 o'clock in the supervisors' room at the court house.

CONTRACT FOR NEW BRICK ROOM IS LET

Carrying out plans had in view when certain interests recently acquired fifty feet of the Czarske property fronting on Sycamore and immediately at the rear of property fronting on Fourth street, W. A. Huff and George Minter have let a contract to Geo. W. Preble for the erection of a brick addition to the store room at 111 West Fourth street occupied by the Chandler Music Store.

The addition will be 24x49 feet and will cost about \$2900. The work is to start at once, a permit having been issued yesterday.

The increased floor space will make it possible for Chandler to enlarge his stock and keep up with the demands of his rapidly growing business.

All the business rooms on the north side of Fourth, from the center of the block west to Sycamore, have a depth of fifty feet or less and have handicapped to some extent the enlargement of lines of business contained in them.

J. C. Franklin owns the next lot west, the room now being occupied by the Lion Coffee House and the Turner Insurance Agency. Franklin will probably soon follow the example of Huff and Minter.

The Rutherford estate is also considering plans for building on the corner of Fourth and Sycamore. If plans under consideration are carried out, a three-story structure will be erected covering the entire property.

WINTERSBURG

FORTY-ONE OF FAMILY THERE

Pleasant Gathering Arranged As Surprise For Mrs. Mary E. Clemens

WINTERSBURG, Feb. 15.—The Wednesday Afternoon Embroidery Club gathered yesterday afternoon as the guests of Mrs. P. W. Wyland at a St. Valentine affair.

There were advance rumors of a surprise in store for the hostess from her guests, but the details were closely guarded.

The Trinity Guild dancing party was held last evening at the Women's Club and was one of the most delightful events of the season.

Mrs. J. W. Hageman and Mrs. Barbara Beissel attended the Minnesota picnic at Eastlake Park, Los Angeles, Monday. Mrs. Beissel remained to visit Los Angeles friends for several days.

Thomas Godwin, former resident of Orange, is reported to be critically ill at Three Rivers, Texas. His son, Ray Godwin of Santa Ana, left for his bedside yesterday. Godwin left Orange nine years ago.

Alvin Stanfield left Tuesday over the Southern Pacific for Sunnerville, Ariz, where he will make an extended business visit.

Mr. and Mrs. William Harrison of Bloomingdale, Mich., are visiting this week with their relatives, the George T. Clapp family.

The spacious home, decorated for the occasion and brilliantly lighted, was indeed a merry place with the talk and laughter of the forty-one members of the family present—ten children, seven sons and daughters-in-law, and twenty-three grandchildren.

The only ones not able to attend were a granddaughter, Mrs. John Bingal, and her husband, of Santa Ana.

A beautiful cake, baked by the eldest daughter, was nearly covered with its array of tiny candles, fifty-six in all, and made a pretty sight when the candles were lighted. When the time for refreshments arrived, the table was literally covered with the most delicious of cakes, dainty sandwiches, rolls and pickles, cocoa being served by the young girls of the company. A number of pretty and useful gifts were presented to the hostess. Mrs. Clemens was born in Oxford county, Canada, February 10, 1861, but has resided in the United States for more than thirty-seven years. She and her husband first came to the state of Michigan, then moved to South Dakota. In 1906 California lured them westward with its promise of a delightful climate and beautiful scenery. They first settled in Smelter, and two years later came to the present home place in Wintersburg. Mrs. Clemens is rich in the love of her children and their families. Those present were Mr. and Mrs. Wm. McGuire, Mr. and Mrs. Norman Clemens, Delta, Carl, Pearl, Clarence, Fay and Marion Clemens, Mr. and Mrs. George Gano of Fullerton, Grace, Lillian, Roy and Edna Gano, Mr. and Mrs. Sim Tenck of Fullerton, Besse, Floyd and Robert Tenck, Mr. and Mrs. Charles Johnson of Bolis, Irvin, Edward, Bertha, Cecil and Ernest Johnson, Mr. and Mrs. Don McMullan, Geneva, Gerald and Kenneth McMullan, Mr. and Mrs. Elmer Goard, Juanita and Le Roy Gothard, Reuben Clemens, Miss Ina Clemens and John Clemens, James Maddux and Rev. and Mrs. O. N. Olson.

Loved Woman Dead

The death of Mrs. Etta Clay, mother of Mrs. W. F. Slater, occurred in Los Angeles early Sunday morning, and the funeral was held at the Echo Park Methodist Episcopal Church Monday afternoon.

The pastor, Rev. J. E. Fischer, was in charge of the service, assisted by Rev. E. Sedwick of Ingelwood, a former pastor. A most touching and unusual feature of the funeral ceremonies was the reading by a friend of a poem entitled "Twilight Memories" written by Mrs. Clay. The lines were a beautifully worded expression of her love of Christ, her devotion to Him and the absolute faith she had in His promise of life eternal.

The church was filled with loving friends and neighbors, sorrowing not that the kind neighbor had gone to a far better country, but that they must live on without her. The influence of her beautiful character will long remain a stimulus to her family and friends.

Those who attended the funeral from Wintersburg besides W. F. Slater and family were Miss Ellen Sharratt, Mrs. James Hamptonall, Mrs. H. O. Ensign, Rev. and Mrs. O.

W. F. Slater.

Rev. Wilfred Kent and son Everett were luncheon guests of Mr. and Mrs. G. M. Roberson on Saturday.

A. B. Crane and H. O. Ensign were present at the Y. M. C. A. banquet Saturday night at the United Presbyterian Church in Santa Ana. They returned a very pleasant and profitable evening, the speeches by Prof. Cranston and County President Cole being particularly good.

Miss Ellen Sharratt went to Los Angeles Tuesday to spend a couple of weeks with Miss Jennie Clay.

A. H. and Hamilton Moore have been entertaining a friend from their home state, Tennessee.

THE DITCH DIGGER

In spite of all that can be said about the honorable quality of all labor, many people have always regarded those who dig ditches and perform other unskilled labor, with some contempt. Of recent years this work has been largely done by non-English speaking aliens. It was not so many years ago that this type of labor could be commonly had for about \$1.50 a day.

Recent years have placed the ditch digger in a more independent position. His wages in many places have doubled. The war has made raw labor scarce. The man with energy and muscle enough to handle pick and shovel is not so common as he was. Our native Americans do not like manual labor, though they may be earning less money somewhere at clean-handed jobs.

The new literacy test law promises to make the ditch digger even scarcer. Of course the man who has energy enough to leave friends and earn passage money may have the grit to fit himself to pass our new requirements. But the new standard must have some tendency to reduce the supply of raw labor.

Therefore it behoves us to feel a little more respect for the ditch digger. He performs a useful and troublesome task which the rest of us are unable or not willing to undertake. He is in a position to get a higher price for this disagreeable service, and he will make farm, highway, and construction work cost more.

It seems incongruous to many people that clergymen and teachers, who have spent good money going through the schools, must often earn less than the unskilled laborer who never took the least pains to educate himself. Possibly machinery may yet be devised to fill the gap caused by scarcity of unskilled labor. Machines are digging trenches in France, why not machines also to dig our sewers? But until this substitution can be made, we must all pay the penalty of the general inability or unwillingness to work with our hands and drive in the dirt.

START SOMETHING!

It is an interesting problem in business psychology to determine why people trade at one store rather than another. Prices, location, quality, are all vital, but not the whole thing.

The wide-awake manager of a real store comes down town full of the spirit of enterprise. He does not ask to be sure of two dollars back before he will spend one. "Start something," he calls out to the boys, and soon the place radiates his pushing personality.

His first move is to spread the news. He finds this or that line in his store where he got unusual values, or something he wants to turn into cash. He realizes that the public will never know what he can do for them unless he takes some pains and goes to some expense to inform them. By persistent advertising he gives the public the news of his store. Pretty soon the impression is spread abroad that it is a store where there is "something doing."

The American people have little use for inactivity. They care little for the business man who sits down and waits for opportunity to knock and business to come. They will go out of their way to trade with a man who seeks their trade and shows some spirit of push.

The one way to convey this impression is, of course, to advertise. Circulars don't give it to any large extent, as they are so apt to be thrown away unread. While the circular reposes all crumpled up in the waste basket, the newspaper remains on the parlor table until the whole family has been through it.

Solicitation from door to door has passed out of vogue, but advertising is twenty times cheaper and quite as efficient. It spreads the news all over, and makes a man seem like a pusher instead of a waiter.—Visalia Delta.

GOVERNOR JOHNSON IS GETTING READY FOR TRIP TO WASHINGTON

SACRAMENTO, Feb. 15.—Governor Johnson is getting ready to leave for Washington to take his place in the United States Senate. He isn't packing his trunk or anything like that, but he and his office staff are busily engaged in cleaning up the odds and ends of his eventful six-year reign.

The governor remains silent as to the time of his abdication. However, he is anxious to have his office work all cleaned up so that, if a special session of Congress is called, he would need only to step aboard the train and be on his way.

If there's no special session, the governor may decide to stay at the state capitol until the Legislature winds up its work.

If Johnson, responding to public sentiment, should decide to remain, he would not be establishing a precedent. Robert La Follette continued as governor of Wisconsin until the Congress of which he was elected a member, convened. David B. Hill likewise continued as governor of New York, and there are other instances.

THE EFFICIENCY CLUB
The Efficiency Club, an organization composed of the employees of the Orange County district of the Southern Counties Gas Co., held its monthly meeting at the Santa Ana office last evening. Many subjects pertaining to gas service were taken up.

W. Jones gave an interesting talk on the care of the auto which was followed by Mr. Miller, foreman of the paint shop. It was voted to hold the next monthly meeting at the Fullerton office. After the meeting, refreshments were served.

SIXTEENTH BIRTHDAY

Miss Miriam Flagg Hostess to
Fifty Friends At Pretty
Dancing Party

The beautiful Hebard Dancing Academy was the scene last evening of one of the most charming dancing parties of the season, the event being given in honor of the sixteenth birthday of Miss Miriam Flagg.

"Jimmy," as she is lovingly called by her many friends, was hostess to fifty of the younger set, dancing being the chief amusement of the evening. It being Valentine Day, decorations appropriate to that occasion were used. The spacious reception rooms were made attractive with red hearts and scarlet geraniums. The large dance hall was artistically decorated with Japanese lanterns.

During some of the dances the main lights were extinguished and the effect of the soft lantern light on the beautiful costumes present was indeed lovely.

A unique feature of the evening which caused a great deal of merriment was a left hand autograph album and each person present was requested to sign his or her name first with the left hand and then with the right.

Dainty little Misses Louise Campbell and Kathleen Trago assisted, each in her own charming manner in serving delicious fruit punch and wafers during the evening. Mr. and Mrs. Flagg were assisted in chaperoning by Mr. and Mrs. G. P. Campbell.

Cook & Lykke furnished inspiring music. Clever little prizes were given in spot dancing, and a tiny silk flag was presented to each guest as a most suitable souvenir to be given by one of that name.

The merry party dispersed shortly before midnight, all wishing Miss Miriam many happy returns of her natal day.

The guests were Misses Guendolyn Hoyle, Muriel Cravath, Florence Neff, Margaret Flagg, Helen Hargett, Marian Scudder, Myrtle Law, Athleta Merrigold, Effie Wylie, Laelma Neff, Esther Zimmerman, Virginia Metzgar, Mildred Murphy, Blossom Ward, Mary Smith, Loraine Roberts, Margaret Lyon, Ella Slocum, Dorcas Neff, Mabel Ziegler, Hazel Neider, of Anaheim; Louise Campbell, Kathleen Trago; Messrs. Legislative Council Wednesday

The speakers at the legislative council to be held next Wednesday at 2:30 p.m. at the city hall are as follows:

Mrs. F. W. Houser of Alhambra will present the Community Property bill; Fred Nellis of Whittier will present Care of the Feeble Minded; Mrs. A. J. Lawton will explain the Women's Jury bill. These are the three bills endorsed by the legislative council of Women's Clubs.

In addition to this, Senator S. C. Evans of Riverside will present the matter of asking for an appropriation for a farm school for Southern California.

Assemblyman J. C. Burke will talk about legislative bills in general.

The local arrangements have been made by committees from the four leading clubs, invitations having been sent to all the clubs, and the meeting is open to the public.

PASS MERRY EVENING

Catholic Young Folk Enjoy
Valentine Party at Home
of Miss Katherine Kramer

About fifty young Catholic people gathered last evening at the pleasant home of Miss Katherine Kramer on Minter street to enjoy the hospitality of Misses Ruth Bevis, Agnes Rudolph, Catherine Oelke and Katherine Kramer.

Poinsettias made appropriate decorations and strings of hearts were suspended from the electricians to the corners of the rooms.

A rogues' gallery was an amusing feature and represented the baby pictures of the guests, which were afterwards made into valentines. Miss Anna Oelke won a heart-shaped box of candy and Joseph Steckle of Anaheim a josh kodak for prizes. In the contest of pinning hearts on a curtain, the trophies of a big red pencil and a valentine went to Tom Keefe and Miss Elizabeth Oelke.

In a jolly trip to New York, the prize-winners were Miss Elizabeth Van der Peut and Charles Kramer, who received little suit cases filled with candy.

After the merry games, refreshments of sandwiches, coffee, ice cream with little hearts on top and cake were served. Nuts, containing fortunes, were then passed.

Wee Girl Celebrates

Martha Jane McBurney, wee daughter of Mr. and Mrs. W. R. McBurney, of 614 East First street, celebrated her very first birthday on Monday afternoon at her home.

The decorations were red hearts and Cupids and on the tables where the children enjoyed their refreshments, there was a miniature log cabin, like the one in which Abraham Lincoln lived. The place cards were valentines.

Heart cakes, animal crackers and ice cream were served the little folks, who numbered the following: Philip Pfeiffer, Nadine Carmack, Jimmie Torrens, Marguerite and Alice Marie Scott, Jimmie and Jean McAuley, David Solon, Elizabeth Beall, Helen and Roderick Smiley.

—O—
Indian Subject of Meeting

The regular meeting of the Woman's Home and Foreign Missionary Society of the First Presbyterian church was held in the ladies' parlor yesterday afternoon.

Mrs. C. R. Schenck was in charge of the devotions, and led thoughts into missionary channels, through scripture verses bearing upon that topic.

A short business meeting followed, during which a report from the fruit committee, emphasized the fact that the donation to the Spanish school in Los Angeles, was fifty-three glasses or 243 pounds, with more on hand to send.

The president, Mrs. W. W. Anderson, read a very interesting letter from Miss Edna Alger, a missionary in China, who, with Miss Grace Rowley, is to return next summer for their first furlough.

Mrs. J. E. Kellogg was in charge of the program, the subject of which was the American Indian. Mrs. Charles Winans gave a paper upon what the government is doing for the uplift of the Indians. Mrs. A. C. Tombini told of what the different denominations are doing for these people. Mrs. J. M. McKeon spoke of the liquor traffic among the red men, and Mrs. R. J. Bleee, in the absence of Mrs. W. S. Yingling read the paper prepared by the latter on the subject, "Are the Indians Fit Subjects for Civilization?"

—O—
Afternoon Tea

About twenty-five members of the Roosevelt P.T.A. enjoyed an afternoon tea at the delightful home of Mrs. W. W. Simon, 512 Orange avenue, yesterday afternoon. The hostess was assisted by Mrs. L. A. Turner and Mrs. Clara Thompson in entertaining the guests.

The afternoon was pleasantly passed in needlework, conversation and interesting guessing contests.

Misses Minnie Kopplin and Vera Thompson rendered piano solos and a duet by Mrs. Simon and her son Earle was very much enjoyed. Light refreshments of tea and wafers were served and quite a little sum added to the treasury of the association.

—O—
Pleasant Missionary Gathering

The Young Women's Missionary Auxiliary of the First M. E. church met at the home of Mrs. George Heil, 210 South Broadway, yesterday afternoon.

A short business meeting was held, followed by the study of "Old Spain in America." Very interesting talks were given by Mrs. P. A. Robinson and Mrs. W. R. Freeman on establishing missions in America. The remainder of the afternoon was passed with needlework and a social period enjoyed.

Decorations of violets were used in the dining room with bowls of calla lilies in the parlors. Refreshments were in keeping with St. Valentine's day. Mrs. Heil was assisted by Mrs. A. H. Theal.

Those present were Mmes. John Strassberger, W. R. Freeman, J. B. Head, D. G. Buchheim, C. O. Neff, Spradlin, Strassberger, Fred Finney, J. G. Robertson, Nelson Shlack, P. A. Robinson, William Speers, Ed. Noe, Baker, A. H. Theal and Miss Edith Blauer.

Two-in-One Class

The Two-in-One class of the First Methodist church met last night with their teacher, J. W. Tucker, at the beautiful new home of Dr. and Mrs. Charles V. Doty at 310 West Camille street, which was greatly admired by the guests.

The rooms were gay with cupids and hearts and after the business session, games appropriate to St. Valentine's day were enjoyed.

Later in the evening, refreshments carrying out the prevailing motif, were served by the hostess.

Those present were Mr. and Mrs. J. W. Tucker, Mr. and Mrs. Homer Young, Mr. and Mrs. Al Burns, Mr. and Mrs. Earl Coleman, Mr. and Mrs. J. B. Head, Mr. and Mrs. Virgil Clem, Mr. and Mrs. Russell Coleman, Mr. and Mrs. George Cocking, Mr. and Mrs. E. L. Warner and Dr. and Mrs. C. V. Doty.

Bridge Luncheon

Miss Rosa Boyd was hostess yesterday at a most enjoyable bridge luncheon. Bowls of exquisite Japanese peach blossoms were used most effectively as decorations, and glass baskets filled with fragrant hyacinths, sweet peas and maiden hairs centered the small tables, where luncheon was served. A charming Valentine idea was carried through the menu, the place cards being valentines.

Later several interesting games of auction bridge were played, trophies for first and second scores going to

STREET PAVING JOBS HELD UP BY MEETING MIX UP

Many Petitions For Street Improvement Filed With City Council For Action

Delay in starting work on many paving jobs on the streets of Santa Ana was occasioned when the City Council discovered Tuesday night that it could not hold its adjourned meeting.

When the council adjourned at its last regular meeting it was to meet again on Monday night, February 12.

Monday was a holiday and the council concluded to meet Tuesday night.

When the members gathered Tuesday night they were advised by the city attorney that in view of the fact that they adjourned to a definite date they could not meet legally on another date.

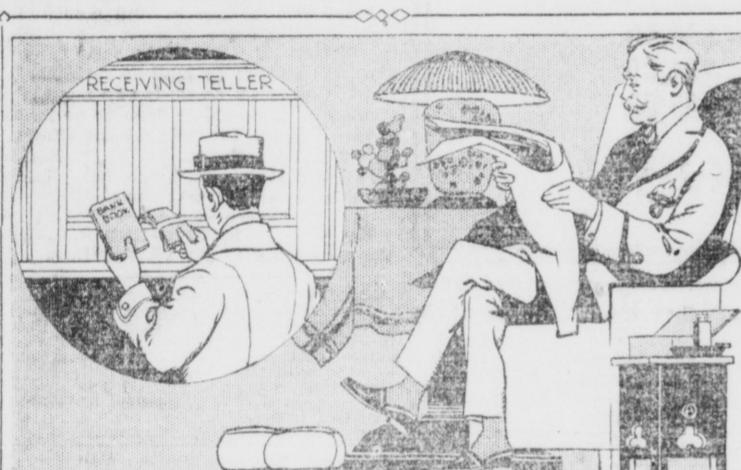

Residents are interesting themselves more and more in better streets, fully realizing that such improvements enhance the value of their property and add to the general appearance of the city.

In addition to the petitions already filed with the city council, petitions are out for the paving of other streets, and it is the prediction of contractors that there will be a general movement along this line for several months to come.

Orange avenue is ready for paving. The contractors on the job have

begun work on the street.

Youthful Frugality Means Happy Old Age

EVERY young man should have a bank account. Youth and energy are all right. But more is needed in this rapid age of competition. The young man must have capital if he wants to make a mark in the business world. If you are making a good salary today, be ready for that business opportunity. If you are in business, be prepared with a bank account for an extension of your business. Ready cash is business preparedness.

BROWNBRIDGE AND WEEGHAM SEE'S WALKER CHOOSE MEN TO PLAY CUB TEAM

Fans Assigned Job of Lining Up Local Material to Combat Bruins

Victor Walker, well known sporting goods man, and Alex Brownbridge, teller at the Farmers and Merchants' National Bank, have been assigned the duty of picking up a team of baseball players to meet the second team of the Chicago Nationals when it appears here on March 2.

Walker and Brownbridge are enthusiastic fans and they will get busy at once in getting a line up that will offer the public an opportunity to see a good contest with the leaguers.

The cubs will play here on a basis of 60 per cent of the gate receipts. Every lover of the national sport in Orange county will be expected to lay aside his work for the afternoon and come to Santa Ana to root for the Orange county boys.

Walker and Brownbridge will have charge of the arrangements for the game, while the Chamber of Commerce will take care of the publicity end of the big event.

The game will be played on Poly High grounds.

FRANCE TAKES NEW HITCH IN ITS BELT

BY WILBUR S. FOREST
(United Press Staff Correspondent)

PARIS, Feb. 15.—France hitched its belt a notch tighter today and smilingly accepted the restrictions placed on meals by the government, beginning with breakfast. Thieren France follows the action of England and Italy in conserving the food supply.

Dinners in restaurants, beginning today, are restricted to hors d'oeuvres or soup, two other dishes and cheese or dessert. Instead of the sixty or seventy items from which French people have been accustomed to select their meals, the bill of fare now is restricted to nine, consisting of one egg, two fish, three meat and three vegetables.

The public generally recognizes the importance of conserving the national food supply and takes the government's action in good part. The restrictions are applied to all establishments where food is sold, including clubs, hotels, boarding houses.

Managers must submit bills of fare for meals to the authorities an hour before they are announced to serve. A copy of the restrictions must hang in each place. The order prohibits absolutely all puddings and provides strict economy of flour, milk, eggs, sugar and vegetables. Salad counts as a course unless served with other food.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombusible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washings the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, purifies and refreshes the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Predicts Chicago Nationals Will Show Up Well Under Mitchell's Tutelage

CHICAGO, Feb. 15.—What the Cubs will amount to in 1917 is pretty well up to Fred Mitchell, the new manager.

Joe Tinker took the combined Chitago Feds and the old Cubs in 1916 and all the critics placed his team 1-2-3. They were lucky to finish in the league. Catcher Archer developed fragile digits and was of little use. The old pitchers had dead wings and a good many of the players seemed dead from the neck up. Joe had a tough job and finally gave it up.

The Cubs will leave for their training camp at Pasadena, California, next Tuesday. Several weeks will be spent conditioning at this resort, which is the winter home of William Wrigley, part owner of the club.

Mitchell is credited with a great deal of the success attained by George Sallings with the Boston Braves, but the most enthusiastic follower of the club knows he faces a herculean task.

Should Improve

"The Cubs this season should be a great improvement over last season, for in Mitchell I have one of the most able leaders in the country," said President Weegham today. "He is very progressive and conservative and knows how to handle the players. With the addition of Al Demaree and a few youngsters the pitching staff will shape up to be one of the best in the country."

"Although I do not wish to predict a pennant I believe the Cubs will be in the fight all the way and finish in the first division."

One of the greatest problems for Mitchell will be his catching staff. Archer is slipping. Art Wilson of Federal league fame had a poor time last season but may come back. Rowdy Elliot, the pudgy youngster from the Coast league, showed up well last season and many pin faith on him to become a first string catcher. Bill Dillhofer, obtained from Milwaukee in the draft, is hailed as a second Ray Schalk.

The stump of Vic Sauer at first is believed by many to have been only temporary. Fred Mollwitz and Edward McGinnis, the latter from the sand lots of Boston, are candidates for Sauer's job.

Larry Doyle's case is causing local fans much worry. The custodian of the keystone sack broke his leg soon after he came here. Steve Yerkes will be Doyle's understudy.

Four Youngsters

Mitchell has four youngsters who will try to fill the hole at shortstop. Bill Wortman did well during the last few months last summer. He came from Kansas City with a great rep., but his hitting was minus. The others are Frank Murphy, a semi-pro. of Joliet, Ill., Arthur Shay, a Boston sand lotter, and Harry Wolfe, drafted from Duluth.

Charlie Deal, who played third base for the Braves in 1914, later hopping to the Feds, may be given a regular berth at his old position. Another possibility for this job is Herb Hunter, obtained from the Giants in the Zimmerman trade. Rollie Zeider will take care of the utility role.

Mitchell has a wealth of outfield material. Cy Williams, the elongated star, will be seen again in center field. Leslie Mann is the strongest candidate for left field. Max Flack, a hold-over from the Feds, will be another outfield candidate. Harry Wolter, once of the New York Yankees, will get a trial. Other outfield candidates are Jacobson, obtained in the Zimmerman trade; Muesel, drafted from Birmingham; Smith from Omaha and Schick, a Chicago semi-pro.

Mitchell will have fifteen men from which to select a pitching staff. He has four left-handers, including Jim Vaughn and Gene Pickard, veterans of last year; Bill McTigue, purchased from Toronto, and Reuther, drafted from Spokane. Among his right-handers are Claud Hendrix and Mike Prendergast, veterans; Aldridge, Dawson and Carter of the Indianapolis American club association; Phil Douglas, recalled from St. Paul; Ehrhardt, bought from Moline; Scott Perry from Atlanta; Tom Seaton, a veteran released last year to Indianapolis; Pete Strandberg, recalled from Los Angeles and Al Demaree, recently of Philadelphia.

Jimmy Sheppard, old Cub, will be carried as an assistant to Mitchell. He will drill the outer gardeners.

Chick Evans, open and national golf champion, will accompany the team to Pasadena. President Weegham is a staunch advocate of golf as a developer for the batton eye and Evans will drill the athletes on the links.

RACE SEGREGATION IS UP IN CHICAGO.

Everybody dies

CHICAGO, Feb. 15.—Solution of the race segregation problem, made acute in recent months by the steady influx of southern negroes, is the aim of action taken today by representatives of the owners of 50,000 of the 100,000 better class apartments in Chicago. Segregation statutes, similar to the ones in force in St. Louis, will be invoked.

"We believe the interests of Chicago demand that white people shall not encroach upon the colored or the colored upon the white," L. O. Ackley, a member of the committee appointed to perfect plans for immediate action, said. "Therefore we strongly urge the segregation of the races."

Action taken recently in St. Louis has been declared unconstitutional by the Supreme court. It is perhaps the greatest piece of racial legislation since the fourteenth amendment."

The real estate men have also determined upon May 1 as the date for a general 15 per cent increase in all Chicago rentals.

Cloride Is Growing

The mining camp of Cloride, Arizona, is moving again. Ever since 1880 Cloride properties have produced from the grass roots down, and up to the present time the camp has returned over \$50,000,000. In the last few years it has been demonstrated that the ore values not only go to a great depth but have increased as they go down. Present reports show that the District produced over \$8,000,000 last year, and this production is from a strip two miles wide and no longer than from Santa Ana to Huntington Beach. Judging from the present activity of the camp it is expected that the production will be increased to \$20,000,000 or over this year. The Hughes Arizona Copper Company's properties are located in the heart of this district. In their 360 foot tunnel they have ore values running \$129 to the ton, and an early production is expected.

Los Angeles Produce Market

Wholesale sugar men of Los Angeles are expected to raise their prices on all grades of the sweet staple 25 cents a hundred pounds today.

Meat cuts have been given a substantial boost during the last few days. All beef, mutton, veal and pork cuts have been raised 2 to 4 cents a pound. This was caused by the jump in live stock values which featured the provision market of the city last week.

It seems peculiar that the good housewife does not turn to rice in these days of soaring prices. A good grade of rice can be purchased for less than mediocre potatoes, and there is a great deal more nourishment in the oriental food than in any kind of potatoes that was ever grown. Excellent Japan style California rice can be had for \$2.70 a hundred pounds, while there are not a hundred pounds of potatoes in the city that can be secured for less than \$4.00. Rice only runs 12 per cent moisture, while potatoes run 80 per cent moisture. With the water out, there are 88 pounds of solid nutrient in a hundred pounds of rice, whereas there are only twenty pounds in a hundred pounds of potatoes.

AT THE COURTHOUSE

WARN COURTROOM THAT ANY SIGNS OF OPINION ARE TABOO

Judge Orders That Facial Demonstrations During Trial Must Cease

Smiles and scowls and nodding of heads as a demonstration of opinion met with rebuke from Judge West this morning when court had opened for the third day of the trial of the contest of the will of Charles C. Campbell.

"If there is any person here who cannot control showing by action approval or disapproval of matters brought out in this trial, that person had better leave the courtroom," said the judge, else the court in order the removal of the person, if such a demonstration occurs. And this applies to persons both inside and outside of the rail."

The warning issued by the judge was the result of occurrences of yesterday.

Yesterday Mrs. Margaret C. Ferris, sister of the deceased, finished her testimony, and was cross-questioned by Attorney Clyde Shoemaker. Cross-examination was finished this morning, and the contestants put Mrs. Ellen M. Pugh, a Salvation Army woman of Riverside, on the stand. She testified that Campbell belonged to the Salvation Army corps at Riverside, and that he had frequent despondent, crying spells.

The testimony so far brought out deals largely with the declaration of the contestant that Campbell's mind was not developed. The contestant alleges that D. F. Campbell influenced his brother, C. C., to make a will in favor of D. F. Campbell's children.

Case Dismissed

Today dismissal was entered by the plaintiff in the action of Nick Gleason against Thomas Wilford and others for \$20,000 for slander. Attorney Weisel for the defendants had given notice that he intended to ask for the dismissal on the ground that the plaintiff had failed to file a proper bond. Dismissal is without prejudice to starting a new action.

WEAK, WEARY WOMEN

Learn the Cause of Daily Woes and End Them

—When the back aches and throbs, When the housework is torture, When night brings no rest nor sleep.

When urinary disorders set in, Woman's lot is a weary one.

Doan's Kidney Pills are for weak kidneys.

Have proved their worth in Santa Ana.

This is one Santa Ana woman's testimony.

Mrs. G. W. Kettle, 1104 West Third street, Santa Ana, says: "An attack of grip left my kidneys in a frightful pain. A heavy dull ache in the region of my kidneys kept me in constant misery and every move I made caused pain. I was very nervous and irritable at times. I suffered from headaches also. Another of the family had used Doan's Kidney Pills with good results and I used one box, procured from the Rowley Drug Co. They cured the attack."

NEW YORK, Feb. 15.—Eight fans today are glowing with excitement following the announcement that Les Barry, middleweight champion of Australia, and Mike Gibbons, the St. Paul phantom, had been signed up to box in ten-round mill April 10 in Milwaukee. A \$50,000 purse will be divided equally between the two, regardless of the outcome of the melee, according to the articles. One hundred and sixty pounds is the weight agreed upon. This bout will be easy for Gibbons, but not so easy for Barry, who say fight fans who have seen him work weights close to 170 pounds and will have trouble in taking off excess weight.

AIGRETTE ILLEGALLY IN L. A. DESTROYED BY CUSTOMS COLLECTOR

LOS ANGELES, Feb. 14.—Within a few months, Collector of Customs John B. Elliott has seized and destroyed 154 aigrettes, besides the feathers of a number of other wild birds, according to a report just made public. This report indicates that attempts to smuggle plumage into the United States are much more common than is generally supposed.

"The importation of all wild bird plumage into the United States is forbidden," said Collector Elliott. "The aigrettes are smuggled across the border by the Cocopah Indians, who kill the female herons on the delta of the Lower Colorado river. While the female bird is nesting, they approach the nest and hit her on the head. Some people claim that with the mother bird dead, the young in the nest die. Others claim, however, that the male bird takes up the work of feeding until the young are ready to leave the nest."

IN THE JUSTICE COURT

SAYS AUTOISTS CHARMED WITH GAS SMELL

Justice Cox Lands on Drivers Who Did Not Know What They Were Doing

The familiar plea of "I did not know I was going that fast," and "I did not know I was doing it," was sounded again in Justice Cox's courtroom, and it met with a vigorous statement of opinion that is still ringing in the ears of at least two automobile drivers.

" Didn't know what you were doing?" ejaculated the justice. "Driving an automobile, and didn't know what you were doing. Were you asleep? Were you crazy? Sometimes I think some of your automobile drivers become so infatuated with the sound of the wheels and the smell of gasoline that you go through the country absolutely oblivious to what is going on around you."

The justice had a double audience: " Didn't know what you were doing?" kind of a please.

The first man in was Hugh H. Frankish of Ontario, who came in with a friend, the city marshal of his town, and a letter from an editor to show that he was a man of standing and integrity. Frankish said he did not know why he had been arrested. The complaint against Frankish was sworn to by Deputy District Attorney Koepsel, who told the justice that a few evenings ago Koepsel was driving north on Main street behind a line of machines when another line of machines going south was passing. Frankish came up from the rear and beat it down the street between the two lines of machines. Koepsel considered the offense flagrantly risky, and County Auditor Jerome, who was in one of the machines going south, was of like mind for he yelled to Koepsel to get the man's number. Koepsel got it, and the warrant was issued.

Frankish was just telling the justice that he had no remembrance of having done any careless driving, and said that when the warrant was served on him he was unable to remember having broken any traffic law.

Just then the telephone bell rang and it was a long distance call from W. Boswell of San Diego, who had been caught by the county motorcops going forty-two miles an hour.

"I did not know I was going that fast," said Boswell. "It is my first offense, and I would like to have you let me off without a fine."

" Didn't know you were going that fast?" blurted the justice. "What was the matter with you? Asleep? You are the very kind of a man who is most dangerous. Going forty-two miles an hour and did not know what you were doing. If you speed bugs threatened no other person's life than your own, I'd say let you go to it, and kill yourselves off, but you menace other lives beside your own. I certainly will not let you off. Your fine will be \$20, and you ought to be sent to jail instead of fined."

Which ought to hold W. Boswell for awhile.

And the same line of conversation was continued by Justice Cox to the Ontario man.

Bicycles Galore

Ramon Miranda, charged with stealing a bicycle, pleaded not guilty and his trial was set for Feb. 28. He was arrested by Constable Clark of Garden Grove, who believes he has a line on a gang of偷窃自行车的人.

BALTIMORE SEEKS
TO SPREAD WINGS

BALTIMORE, Feb. 15.—Without giving away an inch of homesite, taking a cent from its street car fares, or sending brass bands and bursting out in special trains, this city in one year may gain more than 100,000 population and become the fifth, instead of the seventh, largest city in the country.

How is it going to do it? Simply by making the Maryland Legislature give it control over solid blocks of suburban residences and whole suburban villas, which the ascendancy in state politics of Democrats and Eastern Shore districts has kept outside the incorporated limits of the city for years, although these suburbs have been dependent upon the city and have been at one with its interests.

The sections to be taken in comprise picturesque extremes of wealth and occupation. Since the opening of Roland Park and the moving of Johns Hopkins University to Homewood, Baltimore's fashionable folk have shifted northward. The greater Baltimore will include country homes and golf courses, some of the most beautifully situated estates in America, and automobile roads winding for wooded miles through the Westchester of Maryland.

To the other extreme will be oystermen's villages along the branches of the Patapsco, the homes of workingmen beginning to gather for the enormous steel and industrial center which is growing up between the municipal piers and Chesapeake Bay, with Sparrows Point, where Charles M. Schwab is establishing great works, as its pivot.

Since Mayor Preston's election to a first term more than four years ago he has been working for the incorporation of these districts with the city. His vigorous campaign, supported generally by Baltimore residents and the suburbanites themselves, is now organized so well that his lieutenants are confident of victory in the next Legislature. Baltimoreans already speak of themselves as fifth-city dwellers.

Very, Very Different

The secret of the enormous demand for Honeysuckle Bread is in the baking of it. The unusual flavor, quality and palatability is due to a special method of mixing the dough and to the fine quality of ingredients used.

Mr. Crane, formerly bread baker for the Dragon and W. D. Baker, has studied and striven for years for perfection in bread making. In "Honeysuckle" and "Pure Milk Loaf" he has reached his aim.

Here are the Grocery Stores who sell "Honeysuckle Bread" or "Crane's Pure Milk Loaf":

BAKED IN SANTA ANA.

LOWER CAL. GOLD QUEST OF BEACH MEN ENDED

HOLT SERVICE EXPERT SUFFERS BROKEN LIMB

L. S. Long, of this city, it at the Sanitarium at Anaheim suffering from a compound fracture of the right leg as the result of an accident there yesterday forenoon.

Long is service man for the Holt Manufacturing Company, coming here three weeks ago to work under J. E. Durston, county representative of the company. He left Santa Ana early yesterday morning to go out the other side of Anaheim for the purpose of inspecting a Holt tractor. While riding his motorcycle north on Los Angeles street, Anaheim, an automobile suddenly came out from Broadway. In order to avoid a collision, Long turned his motorcycle to the curb. He was thrown quite a distance, sustaining a compound fracture of the right leg between the knee and ankle. The automobile responsible for the accident did not stop to render assistance.

The party is composed of George T. Peabody, Arthur Lott, Ned Barker, Louie Brandt, captain, and Miles Chittenden of Los Angeles, assayer.

Mrs. Peabody and Mrs. Parker went to San Diego by train this morning to meet their husbands. The men may remain at San Diego two or three weeks before returning to Newport.

The cruise was made in W. K. Parkinson's launch, known as the "W.K."

Just what success the party had in prospecting for gold on the peninsula is not known.

ORANGE REDUCES CITY WATER RATE FROM \$1.25 TO \$1

ORANGE REDUCES CITY WATER RATE FROM \$1.25 TO \$1

GRANGE, Feb. 15.—City water will go down to \$1 per 1000 cubic feet from the present rate of \$1.25 for 1000 feet, on July 1.

This decision was reached Tuesday when the council gave the water ordinance first reading.

Under the ordinance, all flat rates will be done away with and water will be sold by meter measure only. This will require the installation of about twenty-five new meters in the city.

Outside consumers will pay \$2 per thousand. The rates above 1000 feet are gradually reduced.

The first of a series of legal steps in the creation of an assessment district for the purpose of opening portions of East Almond avenue, and Harwood and Jameson streets, was taken by the city council, when an ordinance of intention was adopted.

The opening of these streets has been in contemplation for upwards of a year. After efforts to reach an agreement on the part of property owners to convey right of way to the city had failed, condemnation proceedings were decided upon.

Assurance that Orange will have a band this summer was given definite form when the city trustees voted to back the organization financially to the extent of \$50 per month for a period not to exceed seven months. The understanding was that the band should play not less than one concert a week during the summer months.

The action was taken following the proposal of the Merchant's Association, which presented a subscription list showing \$85 per month pledged to support the band.

ALEXANDER HOLDS OUT FOR \$15,000 SALARY

NEW YORK, Feb. 15.—Grover Cleveland Alexander has wired the Philadelphia National officials that, strike or no strike, he would consider nothing less than \$15,000 a year. He has been offered \$8000, an increase of \$100 over last season. President Baker of the Philbills refused to discuss Alexander's telegram, though he intimated that the mound star might take or leave the salary that has been offered.
